MOVE FROM VENDOR LOCK-IN TO A BUSINESS-DRIVEN ROADMAP

IBA Group uses ITIL as a guideline to implement processes and functions your organization needs. We offer technical support, knowledge management, and configuration management. And we build a complete responsibility matrix, following the **RACI Model** (Responsible, Accountable, Contribution, and Informed).

We employ **DevOps** with its core principles of open communication, collaboration, and shared goals, to bring the entire process to life consistently and productively.
